The Passover is the most important Jewish ceremony, and the Lord’s Supper is the most sacred Christian ordinance. Some 2,000 years ago, Jesus started the latter during the celebration of the former. The Bible reported—

“Jesus said: ‘I am going to celebrate the Passover with my disciples’ ... While they were eating, Jesus took bread ... Then he took the cup.” (Matt. 26:18; Mark 14:22).

Amazingly, the meaning of the Christian gospel message will be more clearly understood in light of the Jewish Passover ceremony. Here Dr. Paul Tan and his coworkers show the significance and inter-relation of these two Biblical events, and how Christians today may observe the Lord’s Supper more meaningfully.

Some features of this two-hour presentation are:

(1) A sampling of the actual **Passover Meal** (not dinner), as prepared by Christ and His disciples that night at the Upper Room.

(2) Partaking of **The Lord’s Supper (Communion)**, with emphasis on the idea of the Meal Covenant.

(3) Multi-media presentation of the historical geography of Jerusalem and Palestine in Bible times.
